Personal Information

Currently studying Software Development in 3rd year in Carlow I.T and seeking an opportunity to gain good work experience and learn new skills in different fields. Can work well with other people in group work or in general day to day basis. Very sportive person I have been playing rugby union and rugby league since a young age so I would be comfortable with working within a team.

Very strongly motivated in having a good work ethic within my workplace, currently working part-time in a fuelling station so I am constantly interacting and dealing with people in a friendly and/or helpful way where necessary.
